INTERNATIONAL FOREST OF FRIENDSHIP

Our own SUE GLISSON is one of the 2021 inductees!

The Forest was established as a bicentennial project by the City of Atchison and The Ninety-Nines Inc., an international organization of women pilots.

Each September, new honorees are inducted into the Forest with plaques embedded in the walkway that winds through trees representing all 50 states and over 35 countries in which forest honorees reside.

Several special trees include the "Moon Tree," which was grown from a seed taken to the moon aboard Apollo 14. It is encircled by the Astronaut's Memorial, which honors ten astronauts who lost their lives in space exploration.

Terri and Kaye joined in watching the induction ceremony online.

A life-size bronze statue of Amelia Earhart gazes over the International Forest of Friendship, which is a living, growing memorial to those who have been involved in aviation and space exploration.
